

CLEVELAND COUNTY, OKLAHOMA DIVORCE PETITIONS

1918 - 1934

Divorces presented in this section were handled in the District Court. Other types of cases were also included in the numbering system. As a result, divorce case numbers are not consecutive.

A few of the file folders are empty but labeled. Where we have been able to establish that a divorce occurred, we have included the names and case number followed by an * indicating no file exists.

Thus,

* File no longer exists, information taken from court dockets.

Please note: No attempt has been made to determine that a divorce was granted; some of these petitions were later dismissed.

Also some of these cases are annulments when one or both of the parties were under age.
