## INTRODUCTION

This publication, the seventh in a series relating to marriages in Cleveland County, Oklahoma, is an index of grooms and a separate index of brides. Each index also lists the date of the marriage as well as the Book and Page numbers where the original record may be found in marriage books in the Cleveland County Court House.

Much of the handwriting in these early volumes is difficult to decipher but attempts have been made to make these transcripts as accurate as is possible.

Researchers desiring a Xerox copy of the original marriage record may obtain one by contacting the Cleveland County Genealogical Society at the address given and enclosing a check for \$3. A copy will then be mailed to you. (If you need a certified copy, please send \$5.)
