## INTRODUCTION

This combined Index contains names of all grooms and brides included in the first five marriage books published by Cleveland County Genealogical Society as follows:

Register of Marriages (published in 1984)	1891 - 1897
Marriage Book One (published in 1986)	1890 - 1895
Index to Marriages (published in 1993)	1895 - 1901
Index to Marriages (published in 1993)	1902 - 1907
Index to Marriages (published in 1993)	1908 - 1914

Please note that the first half of this Index is alphabetized by groom's name and the second half is alphabetized by bride's name. Each index also lists the date of the marriage as well as the book and page numbers where the original record may be found in marriage books in the Cleveland County Court House.

Researchers desiring a Xerox copy of the original marriage record may obtain one by contacting the Cleveland County Genealogical Society at the address given and enclosing a check for \$3. A copy will then be mailed to you. (If you need a certified copy, please send \$5.)

We are indebted to Mary Kinard of Purcell who prepared this combined Index for us.

Please note: Lexington Marriages 1909-1932 have NOT been included in this Index.
