

REPORT FROM THE PROJECTS CHAIRMAN - MRS. JAN TATE.....329-5641

THANKS! ! ! ! To ten volunteers who put in over 183 hours. We have completed copying the marriage records through 1901. There are over 1,600 marriages and applications. Most of these include place of residence, birthdates, parents, and witnesses. They still need to be rechecked so more volunteers are needed.

Remember you might not find your own records elsewhere if volunteers have not copied them! Be generous and donate some time to a project. In the process you will learn from the experience and also help other researchers.

REPORT FROM MEMBERSHIP CHAIRMAN, HADLEY MEINDERS.....329-6293

We would like to make a membership roster for our Society. We need your help to get this underway. We would like for the members to bring to the November meeting, or mail to HADLEY MEINDERS, 2515 Boxwood, Norman, OK 73069, half a sheet of typing paper with your name and address and telephone number at the top. Underneath list SURNAME, STATE, YEAR of families you are working on.

EXAMPLE: MOTE - S.C., GA ----1800-1880

This way at any meeting we can change the State, date, add a new name, or list a new member to keep our roster up to date. In this way we can find members working on the same surname or possibly help someone else working on the same area during the same time period.

Remember, one of the goals is to help each other. You will never know for sure when or where you might find a new relative, and could be the person sitting next to you at one of our meetings.

On the other half of the typing paper put your name, address, and telephone number at the top. Underneath this, list books, periodicals, or material you have if you are willing for other people to borrow, or call you about.

EXAMPLE:

Georgia Pioneer Genealogy Magazine.....Vol. 1-27. Not Indexed.

History of Lawrence, Lewis, Perry, and Wayne Co, Tennessee. Published 1886. Indexed.

As you know or will find out, genealogy can become an expensive hobby. Having books to share with each other can cut down the expense. Why buy a book when someone else in the group already has it.

DUES FOR 1983 WILL BE \$5.00 due January 1, 1983 to December 31, 1983. Those of you who joined last Spring are paid until May, 1983. At which time, \$2.50 will be due for the rest of the year ending December 31, 1983.

We would like to encourage you to get a friend interested in genealogy. It is more fun to research with another person, go to the meetings with, or a trip to the Historical Library in Oklahoma City.

NEW MEMBERS that joined at our last meeting are:

Mr. & Mrs. Harold Cox (Geraldine)

Joan E. Morehead

Jacqueline Davis

FROM: National Genealogical Society Newsletter

The 1910 census was made available to the public at the National Archives in Washington, D.C. on 15 April. It will be available for purchase shortly, and it will be distributed to the eleven regional archives branches by November, 1982.

Under an order signed by the Administrator of General Services on 15 January, the Office of the National Archives has been reorganized, with 10 previous divisions being reduced to five.

The Central Reference Division, the organizational unit where genealogical services has been centralized for nearly two decades, was one of the divisions to be abolished.

Under the new arrangement, the former Research Rooms Branch of Central Reference will be attached to the Library and Printed Documents Division, creating what will be called the Central Informational Division.

The Correspondence Branch to which millions of requests for military records have been addressed over the years will become a part of the Military Archives Division.

Submitted by the President, Becky Jeffries.

NOTE OF WARNING: There is a mail scheme that is going on that disturbs me very much. If you have received a postcard stating: "The....FAMILY HERITAGE BOOK is being published and there is a limited amount of these books to be published. All orders are on a deadline and if the card is not returned by this date, you will no longer be able to order this book".

My advice is "Throw the card away and invest the \$25 in gasoline and postage to do your own research work". All you get from the book is very elementary tips on how to start a family record, general discussion of the coats of arms system, a roster of people with your surname that is gleaned from telephone books across the nation. That's ALL. Just remember that all family lines are old and in some way has made a contribution to American History. A mail-order business cannot give you the story. These are just profit-seeking people with nothing that can be of help to you. Do your own research work; attend workshops, get the information from the telephone books yourself. (The Southwestern Bell Telephone company has a room at 111 Dean A McGee Street, Oklahoma City which has telephone books available to the public from all over the United States. It is located just inside the door to your right and open to the public during working hours.) In order to get your genealogy correct and documented, you must find it for yourselves.
