Along with your dish of food, bring one or two books for sharing and fellowship. Of course, spouse or friend is welcome. For the benefit of the people who are not yet a member of the society, but are receiving this newsletter, please feel welcome to come. What better way to get acquainted! Need directions - call Jan or Genivia.

We will have election of new officers at this meeting. The following people have agreed to serve if elected this next year: President - Mrs. Geneva Coates, Vice President - Mr. Kent Sowers, Treasurer - Mr. Hadley Meinders, Secretary - Mrs. Tressie Nealy, Projects - Mrs. Jan Tate, Public Information Director - Mrs. Sharron Ashton. Nominations may be made from the floor. Mark your calendar and make every effort to come and be a part of our exchange of information about genealogy and excellent fellowship.

SEPTEMBER 18, 1984: 7:30 P.M. First meeting of the new year will be a MINI WORKSHOP for beginners and refresher course for the more advanced. This is a good time to invite your genealogy friends. Location will be announced at the August meeting.

REPORT FROM THE PROJECTS CHAIRMAN: Sharron <sup>Ashton</sup> ~~Tate~~ has entered into her computer the 1891 - 1897 Marriage Register of Cleveland County. They have already been checked for accuracy. Bids are being obtained for printing prices at this time. Hopefully publication should proceed from here. Those of you who have made plans to donate to the publishing fund - now is the time.

NARS ORDERING PROCEDURES CHANGED: Effective 1 April, 1984, requests for copies of military service records or passenger arrival records held by the National Archives must be submitted on NATF forms 80 and 81. Versions of these forms, NATF 26 and 40, will not be accepted, but will be returned.

There is also a change in payment policies after 1 April. They formerly required payment with requests. After April 1st, payment should not be sent with NATF forms 80 and 81. NARS will research the request, prepare copies of records located, and hold the copies for three weeks or until the payment is received. As soon as records are located and copied, the researchers will receive a bill and instructions for making a remittance. Researchers should also submit NATR form 80 for pension, bounty-land, or military service record desired. Each research area requires a separate form. Write National Archives and Records Service, Washington, D.C. 20408 for forms 80 and 81.

The MOORE CEMETERY, Cleveland County, came into existence shortly after the town of Moore was founded in 1889. J.W. Chestnut had a patent on 160 acres of land immediately west of the village, now the city limits along S.W. Fourth street. He set aside four acres of land for burial purposes and called it "Chestnut and Moore Cemetery".

OKLAHOMA STATUTES ANNOTATED - TITLE 21 #1167 Criminal Code states:

Every person who shall willfully destroy, mutilate, deface, injure or remove any tomb, monument or gravestone, or other structure placed in any cemetery or private burying ground, or any fence railing, or other work for the protection or ornament of any such cemetery or place of burial of any human being, or tomb, monument or gravestone, memento, or memorial, or other structure aforesaid, or of any lot within a cemetery, or shall willfully destroy, cut, break, or injure any tree, shrub or plant, within the limits thereof, shall be deemed guilty of a misdemeanor, and shall upon conviction thereof, be punished by a fine of not less than Five Dollars (\$5.00) nor more than Five Hundred Dollars (\$500.00), or by imprisonment in the county jail for a term not to exceed six (6) months, or by both such fine and imprisonment.-----

In many areas of our state, cemeteries have been neglected. This in part is due to location, family plots, and the practice of conservation. Perhaps today, unlike yesteryear, we are more conscious of our heritage, and some historical or genealogical organization will try to supervise the movement of bodies left in areas which become public recreation centers.

Other cemeteries in remote areas may only see a renovation prior to Decoration Day. When visited during the summer months, it is difficult to get to plots because of brush and weeds. In older cemeteries, often little remains, even records are difficult to find, and old sandstone markers are a victim of age and desecration by vandals.

Although we have a Criminal Code, it is often difficult to find the culprits. A cemetery is a memorial, a record, not a mere field in which the dead are buried. With an increase in genealogical research, we need to be aware of what we find in these memorial areas. Photographs may become bits of valuable information.

RESEARCHERS, GENEALOGISTS, AND HISTORIANS need to help in maintaining these areas, as well as existing records. Many County Libraries offer a wide variety of cemetery records or they may be obtained from sextons at the cemetery site. Your library isn't complete without a cemetery record of the county.

CLARENCE JURY, husband of our president Genivia, is doing his part by charting a map of the Moore Cemetery on plastic. Each lot is drawn on the map showing lot number and name. When he is finished the map will be fully indexed. This is a very worthwhile effort and we commend him for it. Clarence's Great Grandfather homesteaded the land across the road from his present home east of Moore.

We have enjoyed the refreshments after the meetings. This gives us an opportunity to get better acquainted and also ask questions to solve our research problems. In the past some of our board members have undertaken this responsibility and donated all refreshments. We know the membership would like to thank them.

Our meetings have been better attended when the membership is called and reminded. Board members have also had the responsibility for calling. Let's free them from these added duties by forming a hospitality committee. We are asking you to volunteer a little bit of your time to call a few members or whip something up in your kitchen to keep the warmth and friendliness which we have enjoyed in our society.
