HELP NEEDED ON SPECIAL PROJECTS

WARREN CEMETERY

Special Projects Chairman, Eunice Goddard would like for each member to send in their member/surname information sheet. This form includes Surname-State/County- and approximate time period, for your ancestor's. A copy is inclosed.

A list is also being compiled, of genealogical books and quarterly's that each member has that they would be willing to lend to another member. This list should contain Book Title and Author.

With warmer weather almost here, we will resume indexing the Cleveland Co Cemeteries. Albert Smith has much of the work completed on Denver, Willow View, and Banner. Clarence Jury has indexed Moore City, and the Smith Cemeteries. Jan Tate and Genivia Jury have canvased Ford Cemetery. Inez Anderson and Irene Petrick have completed the Swartz. Let us hear from you if you are working on a Cemetery or have indexed any in the last few years.

A zerox machine to use in copying Mayes Funeral Home Records, is also needed. Work is about to get underway on this project and volunteers are needed also. Contact Eunice Goddard on any of these projects.

The Warren Cemetery index which is contained in this newsletter was taken in January 1986 by Jim & Eunice Goddard, members of the Cleveland County Genealogical Society. Their major source was a physical count of visible stones. secondary sources were secretary's records of the Warren Cemetery Association made available through the courtesy of Charles Haynes, President and Elizabeth Merkle, Secretary. Other sources used were obituaries, personal knowledge of descendants, and Funeral Home records.

The Warren Cemetery Association was formed on November 9, 1890 as the Liverty Cemetery Association. The name was changed to Warren in 1939.

The Warren Cemetery is located at about the 4500 block of west Robinson street in Norman. Go west on Robinson to Brookhaven Boulevard. Go north on the boulevard to Northridge. Turn west on Northridge about .1 mile, (see Cemetery sign.) Turn north into a one-drive easement between two houses.
